## VICTORIA R.

WHEREAS it has been found expedient to revise the regulations under which an allowance is granted for the hire and maintenance of black male servants to Officers of the General, Garrison and Departmental Staff, and to Regimental Officers of our Army serving at stations within the tropics: it is our will and pleasure, that instead of the provisions contained in pages 61, 62 and 63 of our Royal Warrant of the 1st July, 1848, which are hereby cancelled, those contained in this our Royal Warrant, to be administered and interpreted by our Secretary of State for War, shall from the date hereof be adopted.

### Number of Servants.

1. The number of black male personal servants and grooms, for the hire and maintenance of whom Officers on certain stations within the tropics are entitled to an allowance from Government shall be regulated as follows:—

### Allowance only to be drawn for the Number actually kept.

2. Although the number of grooms specified above has been fixed with reference to the maximum number of horses for which each class or rank of Officer may draw forage, the issue of the commuted allowance, in lieu of grooms, is to be regulated by the number of horses actually and necessarily kept for the performance of the Officers' public duty, according to the following scale:—

One groom for one or two horses.

Two grooms for three or four horses.

Three grooms for five or six horses.

Four grooms for seven or eight horses.

## CIRCULAR, No. 682—continued.

If the duties of an Officer, for whom no provision is made for a groom, require him to keep a horse, and entitle him to forage at the public expense, such Officer may draw the allowance for a groom in addition to that for his personal servant. But in every such case reference should be given on the pay list to the authority under which forage is drawn.

*Officers with Brevet Rank.*

3. Officers having Brevet rank are not entitled to draw this allowance according to the Brevet rank, unless they be in the actual discharge of higher duties than those which attach to their Regimental or Staff Commissions, nor unless those duties have been performed for a period exceeding one month.

*Officers performing Duty of a superior Appointment.*

4. If, in consequence of the death or temporary absence of an Officer from the Station, an inferior Officer succeed to the duties of a superior commission or appointment, he shall, on making the Declaration prescribed by Article 6, be permitted to draw the allowance for the number of black male personal servants and grooms allotted to the superior commission or appointment, whilst he continues to execute its duties, provided the period shall exceed one month, and provided also that the Officer thus acting be in the next degree of rank or situation to the dead or absent Officer, as, if he be more than one degree below that rank or situation, he shall draw the allowance only according to the rank or situation next above his own.

*Allowance at certain Stations.*

5. The rate of allowance for each black male servant in the Windward and Leeward Island Command, in Jamaica and at Honduras, shall be 1s. 6d., and at the Stations on the Western Coast of Africa 1s., a day.

*When European Soldiers are not to be employed.*

6. The object of this allowance being to prevent the employment of European soldiers in hot climates upon any duties not strictly military, Officers commanding Corps will accordingly be held responsible that European soldiers be not employed in any way as servants; and every Officer drawing the said allowance for one personal servant and no groom will sign the declaration in support of his claim according to Form No. 1, annexed hereto. Those drawing it for more than one servant or groom will be required to furnish a declaration according to Form No. 2.

Rations of provisions are not to be issued from the public stores to the black male servants of Officers unless their masters be employed in the field against an enemy; and while rations are so issued, the value thereof, as fixed by the Officer commanding on the Station, shall be deducted from the allowance granted by this regulation.

7. This allowance shall not be granted to Officers of Corps composed wholly of black soldiers, or partly of black soldiers and partly of Europeans, whether the Officers be employed on the Staff or not, provided any black soldiers of their Corps be present on the same Station; and no Officer in a Corps composed wholly or in part of black soldiers shall be permitted to employ an European soldier as a servant.

Given at our Court at St. James's, this 23rd day of April, 1861,  
in the 24th year of our Reign.

By Her Majesty's Command.

HERBERT.

## CIRCULAR, No. 683.

HOME AND FOREIGN.

War Office, 20th May, 1861.

SIR,—With reference to Section XVI. page 59, of the Medical Regulations of the 7th of October, 1859, prescribing a more liberal and much more varied class of diets for use in Military Hospitals, I am directed by the Secretary of State for War to inform you, with a view to remove a misunderstanding which appears to exist regarding the extent to which extras may be given with any of the diets in the scale, that it was in no way intended, by the concluding paragraph of Article 2 of the said Section, to sanction the issue of *extra articles of food* to patients in Hospital, in addition to the diet prescribed by the Surgeon, as will appear obvious on referring to the Diet Forms printed at pages 222—225 of the Regulations before mentioned.

The new Scale of Dietary, with its varied tables, containing different amounts of nourishment to meet the various requirements of the sick, was expressly designed to meet every ordinary case, without having recourse to additions or extras, and previous to its adoption underwent very careful consideration, and was approved by leading authorities in such matters, as not only containing considerable variety, but affording ample and sufficient nourishment for every ordinary requirement; and I am, therefore, to request that the administration of extras to patients on diet may in future be confined to Wines, Spirits and Malt Liquors, and to add that, although no restriction is or can be laid down by regulation, as to the quantity to be given of such articles, Lord Herbert expects that prescribing Surgeons will order no more than the state of their patients really requires, and that every economy compatible with the thorough well-being of the sick will be observed. Every case to which such extras are prescribed must be entered by the Surgeon in the Medical Case Book, and the amount of extras daily ordered, as well as the reasons for giving the same, also duly recorded therein, so that the Inspecting Medical Officer may be enabled to satisfy himself as to the propriety and actual necessity of the issues.

In cases of emergency, or when Men on admission into Hospitals require nourishment before their names can be entered in the Diet Roll, or diets can be prepared for them, Medical Officers may order such articles as they deem necessary from the reserve store kept by the Nurse or Assistant Wardmaster in General Hospitals, and by the Assistant Steward in Regimental Hospitals; but it is to be understood that these orders are to be confined to the articles specified in the margin,\* and enumerated in the form of Daily Abstract; and when extras of this description are ordered they are to be duly entered in the Case Book, as well as on the Diet Sheets, and the cause of emergency, &c. fully recorded in the former.

I am also to request that, when Medical Officers find it necessary, under Article 65 of the Purveyor's Regulations of 1st January, 1861, to prescribe Medical Comforts to Sick Women and Children, the issues may be confined to the articles above specified, and that each of the cases in question may be duly entered in a Medical Case Book, in the manner already directed for patients in Hospital receiving extras.

I have the honor to be, Sir, your obedient Servant,

To Officers Commanding, Military Medical  
Officers and Purveyors.

THE Secretary of State for War having had under his consideration a proposal of the Council of Military Education, relative to the further use or appropriation of Newspapers and Illustrated Weekly Publications now supplied to Military Libraries,\* has, in concurrence with His Royal Highness the General Commanding in Chief, decided that in future these publications, as noted in the margin,\* shall, after the expiration of a week in the case of weekly publications, and after two days in the case of daily publications, be sent for perusal to the Military Hospitals at or adjacent to the Military Libraries, and, should facilities exist, be afterwards distributed among the several detached Barrack Stations where no regular Military Library is established, provided that no expense to the Public is thereby incurred. The daily and weekly newspapers, not illustrated, after having been thus disposed of, may be destroyed, while the illustrated papers are to be returned to Head Quarters, for the purpose of being bound and retained in the Military Library to which they were originally supplied.

FOREIGN.

*War Office, 28th May, 1861.*

SIR,—With reference to the Royal Warrant of 24th September last, assigning certain relative rank to all Military Staff and Departmental appointments, by which issues in kind or pecuniary allowances in lieu are to be regulated, I am directed by Lord Herbert to request that, as this regulation involves the necessity for a revision of the existing scales of Fuel and Light at Foreign Stations, you will, on receipt of this communication, appoint a Board of Officers to prepare a new and complete scale of these allowances for the Station under your command, to be framed in conformity with the classification contained in the Warrant, and on the principles laid down in the following instructions.

The Board should, if possible, be composed of the following Officers:—

1. The Commanding Royal Engineer.
2. An Officer of the Quarter Master General's Department, or, if no such Officer be available, some other Officer of the General Staff.
3. The Officer commanding one of the Regiments at the Station.
4. The Senior Commissariat Officer.
5. The Principal Medical Officer.
6. The Barrack Master.

You will be good enough to impress upon the Board the necessity for great care in the preparation of new scales, and for not only avoiding any increase in the present large expenditure on account of these allowances, but also for fully considering whether reductions may not be practicable, as Lord Herbert has reason to believe that at some Stations a reduction might be effected, without in any way depriving Officers of the quantities of Fuel and Light, which the amount of Barrack accommodation allotted to them by regulation would seem to require.

A comparison of the various scales of Fuel and Light shows that they have been framed upon no fixed and general principle, and that no uniformity exists in the proportions assigned to Officers of the various ranks, or in the distinction between the quantities issued to Regimental and Staff Officers.

With a view to securing uniformity in these respects, Lord Herbert has approved of the accompanying table of the number of rations for each class of Officer, leaving it to the Boards appointed under this Circular to propose the composition of the ration, which will depend upon local requirements and vary according to season. The Board also will have to assign the number of rations to be issued for various miscellaneous services, such as Guards, Offices, &c.

It will also be for the Board to consider what division of the year would be most

suitable, and whether the periods for the greater or lesser issues of Light should correspond with those for Fuel.

Further, as it is considered desirable to restrict the issue of allowance of Fuel and Light in kind to Officers living in public quarters, the Board should be instructed to report whether any local circumstances exist which would render it inexpedient to substitute pecuniary allowances for issues in kind to Officers in hired lodgings, the amount of such commuted allowances being fixed periodically with reference to the contract prices at the Station.

CIRCULAR, No. 686.

VICTORIA R.

WHEREAS we were pleased to issue a Warrant under our Royal Sign Manual, dated 27th October, 1860, for the purpose of regulating the Grant of Pensions and Allowances to Officers of our Land Forces on account of wounds and injuries received in action: Our will and pleasure now is, that our said Royal Warrant of 27th October, 1860, shall from henceforth be cancelled; and that this our Royal Warrant, to be administered and interpreted by our Secretary of State for War, shall be constituted in lieu thereof, and shall be the sole and standing authority upon the matters herein contained.

Given at our Court at St. James's, this 28th day of May, 1861,  
in the 24th year of our Reign.

By Her Majesty's Command.

HERBERT.

CIRCULAR, No. 686—continued.

*Pensions and Gratuities to Officers of the Land Forces, limited to Wounds and Injuries received in Action.*

*Gratuity of One Year's Pay.*

1. If an Officer shall receive a wound in action, which shall occasion the loss of an eye, or a limb; or shall lose thereby the total use of a limb; or shall receive bodily injury equal or nearly equal in its consequences to the loss of a limb, he may receive a gratuity in money of one year's full-pay, of the Regimental rank or Staff appointment held by him at the time he was wounded, for the loss of such eye or limb, or for such injury.

*Pension.*

2. If an Officer shall be wounded in action, and it shall be reported by a Board of Army Medical Officers assembled by order of the Secretary of State for War for the personal examination of such Officer that he has, in consequence of his wound, lost a limb or an eye, he may be recommended to her Majesty for a pension, at the rate fixed in the annexed Scale for the rank held by him when he was wounded, and commencing one year after the wound was received.

*Loss of more than One Limb or Eye.*

3. If the Officer shall have lost more than one limb or eye, he may be recommended for a pension for each limb, or for each eye, so lost in action.

*Temporary Pension.*

4. If the wound received by an Officer in action shall be so severe in its permanent effects as to be fully equal, or nearly equal, to the loss of a limb, and the injury shall be so reported by the Military Medical Board, he may be recommended to her Majesty for a temporary pension, the continuance of which shall depend upon subsequent examinations before a Military Medical Board.

*Gratuity.*

5. If any wound received in action shall be certified to be severe and dangerous, but in its permanent effects not nearly equal to the loss of a limb, the Officer receiving such wound may receive a gratuity, varying, according to the nature of the case, from three to twelve months' full-pay of the Regimental rank or Staff appointment held by him at the time he was wounded.

*Permanent Pension.*

6. If an Officer shall have held a pension for a wound received in action for a term of five years, and shall have been examined twice at the least, before a Board of Army Medical Officers, he may be recommended for the permanent continuance of such pension; but if the Officer, before the expiration of the term of five years, shall have so far recovered, that his wound or injury is not equal nor nearly equal to the loss of a limb, then he shall cease to receive such pension.

*Limit of Application for Pension.*

7. If within the period of five years after a wound has been received an Officer shall not apply for the pension, or, on his so applying for it, the wound shall not have been proved to be permanently equal nor nearly equal to the loss of a limb, such Officer's claim to a pension for such wound shall not at any subsequent period be entertained.

*Gratuity.*

8. No gratuity for any wound shall be granted after the lapse of five years from the time the wound was received.

*Loss of Vision.*

9. No pension for the loss of an eye, from a wound received in action, shall be granted unless the actual loss of vision shall have occurred within five years after the wound was received, and be solely attributable to such wound.

*Brevet Rank, or duties superior to those of Regimental Commission.*

10. As a general rule, the pension or gratuity shall be granted according to Regimental rank; but should an Officer, with or without Brevet rank, have been employed at the time he was wounded, in discharge of duties superior to those attached to his Regimental commission, the gratuity and pension may be given in accordance with the rate prescribed for the Regimental rank immediately above that held by such Officer at the time of being wounded.

CIRCULAR, No. 686—continued.

*Pensions tenable with Pay.*

11. These pensions may be held together with any other pay and allowances to which an Officer may be entitled, without any deduction on account thereof, and may be granted to and continue to be held by the Officer should he leave the service.

*New Rates to be applicable for the future to Officers wounded since Declaration of War with Russia.*

12. Officers who are still suffering from wounds received since the 28th March, 1854, the date of the declaration of war with Russia, should such wounds be certified by a Military Medical Board to be now equal or nearly equal to the loss of a limb, may receive pensions according to the provisions of this Warrant from the 27th October, 1860, the date of the Warrant hereby cancelled.

CIRCULAR, No. 687.

*War Office, 30th May, 1861.*

IN consequence of a recent instance of damage to property within a building in a Barrack, the Secretary of State for War, in concurrence with His Royal Highness the General Commanding in Chief, desires it to be notified, that Officers commanding in Barracks are expected to use due vigilance and discretion in the preservation and guardianship of all the Barrack buildings and property contained therein, and that where skilled and professional labour is not required, they should themselves take measures to secure these objects.

Should there be, for instance, an accumulation of snow on the roof of a Barrack, the subsequent melting of which would probably, if unremoved, cause damage to the buildings and their contents, the Officer commanding should either himself take steps for its removal, or if from want of necessary appliances, or other causes, he is unable to do so, he should make a requisition on the Barrack Department.

10. No increase of pay shall be given for length of service except upon the certificate of the Director of Stores, that the Officer has served the prescribed period, and has performed his duties with zeal and ability.

11. Officers shall be permitted to draw the usual allowances of their rank, and if horses are required for the efficient performance of their duties, shall receive forage for such number as may be necessary.

This rule shall not be departed from except in cases of manifest advantage to our Service.

19. With a view of relieving the Officers of the Department from a portion of the mere clerical duty, and of affording them opportunities of acquiring a full and practical knowledge of the various descriptions of stores and proportions of munitions required for the several kinds of arms used in our Service, and also of holding out a boon to deserving Non-commissioned Officers of our Army, it is our will and pleasure to establish a subordinate class of Clerks, to be selected from Pensioners of our Army, as a reward for steadiness of character and good conduct whilst serving as soldiers, the said Clerks to be designated "Military Store Clerks," and to be divided into classes with rates of pay and relative rank as under:—

Gen. No. 6.

497.

CIRCULAR, No. 690.

HOME AND FOREIGN.

War Office, 12th June, 1861.

1. I AM directed by Lord Herbert to transmit for your information and guidance the accompanying Royal Warrant for the re-organization of the Military Store Department, granted by her Majesty with a view to increase the efficiency of the service, and to improve the position of the Officers.

2. I am to state that the Warrant is to take effect from the first day of April last, and that the pay of each Officer falling under it is to be adjusted from that date in accordance with the scale prescribed in Article 7 of the Warrant, subject to the exceptions provided for in Article 15. In addition to such pay, each Officer serving at home stations, who accepts a commission under this Warrant, will be entitled to servant allowance at one shilling a day, under the regulations established in Circular No. 193. This allowance will also be paid from 1st April.

3. In lieu of the rates of house rent, prescribed in Schedule B. of the Royal Warrant of 28th February, 1857, Officers of the Military Store Department will hereafter be entitled to the same rate of lodging money as is authorized by the regulations for other Officers of corresponding rank serving on the Staff, viz.:—

Principal Superintendent of Stores	...	...	...	} 5s. 6d. a day
Superintendent of Stores after 5 years' service	...	...	...	
Superintendent of Stores under 5 years' service	...	...	...	} 4s. 6d. "
Deputy Superintendent of Stores	...	...	...	
Assistant Superintendent of Stores	...	...	...	3s. 0d. "
Deputy Assistant Superintendent of Stores	...	...	...	2s. 3d. "

4. Officers who may be in the occupation of public quarters will be entitled to the usual issues of fuel and light fixed for other Officers of their rank, or to a commuted allowance in lieu. This allowance, and all other allowances of a local nature, will, in accordance with the practice of the Service, be admitted from the date of this Circular at home stations, and from the promulgation of the Warrant in the several commands abroad.

## CIRCULAR, No. 690—continued.

5. The Officers of the Department will also become entitled to pensions for wounds, and, in case of death, pensions will be granted to their widows, and compassionate allowances to their children, agreeably to the Scales laid down for the families of other Officers of the same relative rank in Royal Warrants of 15th June, 1855, and 18th July, 1857.

6. Upon an Officer completing a period of Service entitling him under the provisions of this Warrant to an increase of pay, application for such additional pay should be addressed to the Under Secretary of State for War.

7. As Clause No. 16 of the Warrant permits Officers, *not being below the rank of Deputy Superintendents of Stores*, the option of accepting Commissions under this Warrant with the attendant advantages, or of continuing in their present position, such Officers, serving at home, who may prefer the latter course, are to communicate their wishes within one month from the date hereof, and such as are serving abroad, within one month from the receipt of this Warrant in the respective commands.

8. Commissions will be immediately prepared, to bear date respectively from the day on which the several Officers entered their present classes, and the Officers will hereafter take rank and precedence accordingly. Upon the Commission of each Officer being gazetted, he will be required to pay the amount of the stamp duty thereon; at home, to the Senior Officer of the Department at the Station; and abroad, into the Treasury chest through the Military Accountant.

9. Candidates for Commissions in the Military Store Department, with the exceptions provided for in Clause 3 of the Warrant, will in future be required to pass an examination to the satisfaction of the Civil Service Commissioners, in the following subjects, viz. :—

English Composition.  
Latin, or one Modern Language (French or German).  
Elements of History.  
Geography.

Handwriting.  
Arithmetic.  
Algebra to Simple Equations, and  
The first six Books of Euclid.

10. It is expected that all Military Store Officers will avail themselves of the advantages proposed to be given them under the provisions of Clause 19 of the Warrant, and that they will, by sedulous attention in the discharge of their duties, acquire a full and practical knowledge, not only of the various descriptions and proportions of Military Stores and Munitions of War required for the several Services, but also of the nature and qualities of the materials of which such stores and munitions are composed. It is only by these means that an efficient and intelligent body of Officers can be formed, and it is desired that Officers in charge will, so far as is consistent with the discharge of the current duties of the Department, afford those serving under them all the opportunities in their power for acquiring this knowledge, and also encourage them in its pursuit. With reference to this subject, particular attention is directed to the following extract from Circular, No. 499.

"2. I am to refer in particular to the 18th Clause of the 'Regulations' for the Inspectors of Warlike Stores and Firemasters, relative to the series of patterns and drawings of new and altered Stores, which from time to time will be placed in your charge; and to desire that the Military Store Officers and Clerks belonging to the Department under your charge, will make themselves thoroughly acquainted with all changes in these and other descriptions of Stores, especially such as constitute the munitions of war, so as to be perfectly familiar with the latest patterns.

"3. It is to be understood that this knowledge must not be superficial, but of that practical and minute character which will enable them to give the fullest detail of the different uses and services to which the various kinds of Stores may be applied, and to distinguish clearly such as have become obsolete from those which are still current in the Service.

"4. The Secretary of State for War desires that you will impress upon the Officers serving under you that, as Military Store Officers, their future advancement will much depend upon the extent and accuracy of their acquaintance with these important particulars, and their general knowledge of the regulations which govern the duties of their Department.

"5. This practical knowledge is the more imperative, as the Officers of the Military Store Service will, in future, accompany the Army to the Field in the place of the Commissaries of the Field Train Department."

CIRCULAR, No. 690—continued.

11. A note and remark book is to be kept, recording in detail the information referred to in paragraph 10, which book the Director of Stores will periodically call for and examine.

12. All Deputy Assistant Superintendents of Stores are to undergo an examination, touching their practical knowledge, previously to being reported fit for promotion.

13. Officers in charge of Departments abroad where temporary Clerks are now employed will, with the sanction of the General or other Officer commanding the Troops, communicate with Commanding Officers of Regiments for the purpose of ascertaining whether there are any Non-commissioned Officers or Soldiers who have completed their period of Service, entitling them to a pension, and who can be recommended as in all respects fit for a Military Store Clerkship. If such be found, they should be required to pass the Examination prescribed for Military Staff Clerks in Circular, No. 321, and the result, together with the Examination papers, forwarded for the consideration and orders of the Secretary of State.

14. Lord Herbert, with the concurrence of the Lords of the Treasury, relying on the zeal and integrity of the Officers of the Department, has been pleased to dispense in future with the security bonds heretofore given by Officers in charge, except in the case of any Officers who, under Clause 16 of the Warrant, may decline to accept Commissions. The bonds entered into on behalf of Officers by the British Guarantee Society will be allowed to expire, but the Officers will be required to repay premiums which may have been advanced by the Department in renewal of such bonds.

15. In the case of the death of any of the Officers of the Department, either at home or abroad, the settlement of their effects and credits will be governed by the regulations prescribed by Article 31 of the Articles of War.

16. Confidential reports, in the annexed forms, are to be transmitted half-yearly.

## CIRCULAR MEMORANDUM;

*Addressed to the Infantry.*

General No. 125.

Non-Commissioned Officers for Depot—1 (1861).

*Horse Guards, S. W., 29th May, 1861.*

The General Commanding in Chief calls the attention of Officers Commanding Regiments and Depot Battalions to the importance of selecting well-qualified Non-commissioned Officers for the Depot Companies.

His Royal Highness will hold Commanding Officers responsible that none but really efficient Non-commissioned Officers are permitted to do duty with the Depot, and when found fit for that employment, they are not to be removed without being relieved by others equally adapted for that peculiar duty.

By Command.

JAMES YORKE SCARLETT,

*Adjutant General.*

## CIRCULAR MEMORANDUM,

*Addressed to the Army at Home and Abroad, with the exception of Light Cavalry, Royal Artillery, Military Train, and Rifle Regiments.*

General No. 186.

Clothing--2 (1861).

*Horse Guards, S.W., 30th May, 1861.*

THE Secretary of State for War having communicated to the General Commanding in Chief the following receipt, which has been furnished by Messrs. Chicard & Co., of Paris, of a mixture termed "Eau Ecarlate," for cleansing and re-vivifying the colour of faded red cloth, His Royal Highness directs that the same be published for the use of the Army.

By Command.

JAMES YORKE SCARLETT,

*Adjutant General.*

**PRESCRIPTION FOR THE PREPARATION OF "EAU ECARLATE" FOR CLEANING RED CLOTH.**

*Proportions of the ingredients to be employed:—*

For one gallon of river (or spring) water.

Binoxalate of Potash in powder ... .. 2,455 grains.

(Salts of Sorrel) equal to 5 oz. 9½ drms. avoirdupois.

Carbonate of Potash in powder ... .. 1,403 grains.

Equal to 3 oz. 3¼ drms. avoirdupois.

Cochineal ... .. 140 grains.

The two salts are dissolved together in the water, which may be warmed so as to promote their rapid solution.

The Cochineal is afterwards added, the liquid stirred occasionally with a stick, and, when cooled down, strained through fine linen or muslin.

**INSTRUCTIONS FOR USE.**

*To clean a garment without unsewing any part of it:—*

1. The garment to be beaten and brushed so as to remove all dust.
2. The liquid is to be used with a small brush like a nail brush.
3. A small quantity of the liquid should be poured into a saucer or flat vessel.
4. The part of the garment to be cleaned or restored should be saturated with the liquid by means of the brush above named, and should be left ten or fifteen minutes before it is brushed again.
5. Brush the cloth till it resumes a uniform colour—more particularly when there are spots.
6. Dry the garment in the shade.
7. When the garment is half dry, dip the brush in cold water and brush the cloth "with the grain."

When there is only one stain to be removed, it is necessary, after the operation, to pass the brush dipped in the liquid frequently round the edges of the spot, so that it may not leave a ring.

If a spot should remain after the liquid has been properly used, take hold of the cloth with a piece of linen and rub it.

Be particular to adhere strictly to direction No. 4.

General No. 138.

*Horse Guards, S.W., 6th June, 1861.*

His Royal Highness the General Commanding in Chief having concurred with the opinion of the Secretary of State for War, that much time and expense would be saved by empowering Commanding Royal Engineers to report upon any Engineering question referred to them by the Naval Commander in Chief, or Senior Naval Officer on a Station, His Royal Highness is pleased to direct that such reports shall be rendered, and the most cordial assistance be given by Commanding Royal Engineers, whenever it can be done without detriment to the performance of their regular duties.

## VOLUNTEER CIRCULAR, No. 1.

Gen. No. 1546.

*War Office, 7th June, 1861.*

HAVING observed that in several instances Volunteer Corps have assembled under Arms for various purposes unconnected with Drill, Parade, or Rifle Practice, I think it right to inform you that no such assemblies ought to take place, except with the approval of the Lord Lieutenant, and that if the number of Volunteers who propose to be present should exceed the strength of one Battalion, previous application must be made to the Secretary of State for War for his sanction, in accordance with the Circular Memorandum of the 6th June, 1860.

I have also learnt that in some cases Volunteer Corps have been called out in aid of the Civil Power on the occurrence of local disturbances, and I have, therefore, to point out to you, that as the Volunteer Force is not intended to be employed in this manner it is inexpedient to assemble it on any such occasion.

I desire farther to draw your attention to the impropriety of the presence of any armed body at Parliamentary or Municipal Elections, and to request that you will give directions to the Commanding Officers of all Volunteer Corps, within the county under your charge, not to assemble their Corps for Drill or any other purpose between the issue of a writ and the termination of the Election in any county or borough in the neighbourhood of their Head Quarters, or during the progress of any Municipal Election in any town to which they may belong.

I have, &amp;c.,

Her Majesty's Lieutenant for the county of ———.

HERBERT.

## VOLUNTEER CIRCULAR, No. 2.

General No. 1476.

War Office, 8th June, 1861.

SIR,—I am directed by Lord Herbert to inform you that his lordship having had under his consideration the question of effecting the necessary repairs of the Small Arms in the possession of Volunteers, has determined on allowing, as an experiment, Volunteers of the counties of Middlesex, Kent and Surrey, at their option, to send their Arms for repair to the Government Small Arms' Establishment at Pimlico, on the conditions hereinafter specified.

The repairs of all Arms forwarded by the different Corps to the above Station will be executed in a similar manner, and to the same extent, as laid down in the Queen's Regulations for the repairs of Arms in possession of the Regular Army. When an Arm is forwarded for the repair of a particular part, only that specified repair will be performed, and the Arm will, in all other respects, be returned to the Corps in the same condition as when received for repair.

The prices to be charged for repairs will be in accordance, as far as practicable, with those laid down in the accompanying lists,\* extracted from the Queen's Regulations, with the latest alterations and additions having reference particularly to the repair of Volunteer Arms.

These prices will also govern the charges to be made for repairing Arms of any description not enumerated in the lists.

When Arms, which have not been subject to previous inspection, are sent in for slight repairs, it is not proposed to remedy any of the original and inherent defects which may be found in them, but merely to execute such repairs, and render the Arms, in a general sense, serviceable. At the same time should the Corps, or individual members of the same, be desirous of incurring greater expense involved in doing more work to an Arm than has been explained in the preceding paragraphs, the repairing establishment will be prepared, as far as its means will allow of it, to meet such demands.

If it be desired that the bores of the barrels should be examined by the standard plug in addition to the repairs, this request can be complied with, and a report furnished of the result for each Arm so tested; but Commanding Officers are recommended to trust more to the result of careful practice at a target, as affording a better indication of the value of an Arm than a mere inspection by plugging.

The cost of sending the Arms to and from the establishment at Pimlico will be borne by the Corps to which the Arms belong.

Arms belonging to a Volunteer Corps are not to be sent to the Government Establishment, except by the authority of the Commanding Officer, who, previously to sanctioning their transmission, will ascertain from the Superintendent of the establishment that means are available for commencing the execution of the repairs required as soon as the Arms reach the establishment.

Whenever Arms are forwarded from Commanding Officers of Volunteer Corps to the Government Repairing Establishment, a statement must be forwarded at the same time addressed to the Superintendent, giving a full account of the numbers of the Arms sent, the distinctive mark upon the heel plate of each Arm, and the specific repair required.

When the repairs have been effected, the Superintendent will communicate the fact to the Commanding Officer, notifying, at the same time, the means of conveyance by which the Arms will be returned, and furnishing a statement of the charges made for the repairs, a duplicate of which will be forwarded by the Superintendent to the Accountant General at the War Office, in order that the amount may be recovered from the Corps.

I am, &amp;c.,

The Officer commanding — Volunteer Corps.

THOMAS GEORGE BARING.
